Envoy Solutions Taps into Ohio for the First Time with Valley Acquisition

GLENVIEW, Ill., December 20, 2021– Envoy Solutions announced today the acquisition of Valley Janitor Supply Company, based in Hamilton, Ohio. Valley, a market-leading distributor, provides high-quality cleaning solutions and a customer-first approach. In addition to providing cleaning products, they offer in-house cleaning operations to ensure buildings are clean and safe. Valley is the seventh acquisition to be announced over the past few months. This new partnership will continue to advance Envoy Solutions' vision of making buildings cleaner and more sustainable, people safer, and operations more productive every day.

"I couldn't be happier to join forces with Paul South and his team," said Mark M. Fisher, CEO of Envoy Solutions. "We're looking forward to bringing an expanded product line and new solutions to customers in Ohio, Kentucky, and Indiana. By adding Valley, we're continuing to build our national platform throughout the Midwest region."

Valley started in a garage when it was founded in 1964. Since then, the company has grown and expanded for nearly 60 years to serve a diverse set of customers. The family-owned business, which has spanned two generations, is known for its best-in-class products and services.

"It's the chance of a lifetime to join a national platform like this," said Paul South, President of Valley Janitor Supply Company. "This is absolutely the best decision for associates, our customers, and our company. Envoy Solutions' tremendous resources and geographic reach provide us with business opportunities we wouldn't otherwise have. I'm especially happy about what this means for our younger associates and the future of our company."
